

<p>Name:</p> <p>Date:</p> <p>Tools: one block / student</p>	<p>407 - Perimeter</p>  <p>MATHS / 2D GEOMETRY</p>	 <p>LOGIFACES METHODOLOGY</p> <p>Erasmus+</p> <p>STUDENT Logifaces</p> <p>2019-1-HU01-KA201-0612722019-1</p>
<p>DESCRIPTION</p> <p>Each student gets a Logifaces block and calculates the perimeters of the polygon faces of the block. They draw and name the polygons, and find the lengths of the edges and the perimeter. For the sake of simplicity, they use the standard units in their calculations.</p> <p>Additional question: The students form pairs and both members of the pair get a block of the same type (see the solution for the types). They compare the calculated perimeters and discuss the similarities and the differences.</p>
